170005	21Y000000000134B	Punkt Wejścia z Giełdy Gazu Lw

* daily allocated quantities will be equal to the confirmed nominations; the discrepancy between sum of nominations of all Shippers in a given month and monthly measured quantities will be allocated "pro rata" (based on monthly nominated quantities) between the Shippers and will be shown in the "Correction" position of the Commercial Transmission Report.

** - allocation equals to nomination with the exception of balancing shipper
