

Szczecin-Lwówek gas pipeline

Description of the investment

The aim of the project is the construction of the Szczecin - Lwówek gas pipeline, which is 700 mm in diameter and 188.3 km in length, located in the territory of the zachodniopomorskie, wielkopolskie, lubuskie voivodships.

- Legal grounds of investment (Polish version): [Act of 24 April 2009 on investments in the scope of LNG Regasification Terminal in winouj cie \(Journal of Laws of 2009, No. 84, item 700, as amended\).](#)

Route of the gas pipeline

- zachodniopomorskie voivodship - municipalities: Goleniów, Maszewo, Stargard Szczeciński, Dolice, Przelewice, Pełczyce,
- lubuskie voivodship - municipalities: Strzelce Krajeńskie, Zwierzyn, Santok, Deszczno, Skwierzyna, Przytoczna, Pszczew,
- wielkopolskie voivodship - municipalities: Międzybóże i Lwówek.

Benefits

- gas transmission from a new point of supply in the North to Central Poland,
- the investment is closely related to the construction of the LNG terminal in winouj cie, which is of priority significance for the energy security of Poland.

Communes which have a gas pipeline running through their territory will obtain additional funding in the form of a property tax paid annually by the investor in the amount of 2% of the investment value located in the given Commune. This will be a sum that will regularly contribute to the Commune's budget and that can be allocated for the needs of the residents and local communities.

Investment costs

- estimated investment value: 556.71 MM PLN
- co-financing from OPI&E: 164.78 MM PLN
