Tworóg-K dierzyn-Ko le gas pipeline

Description of the Investment Project

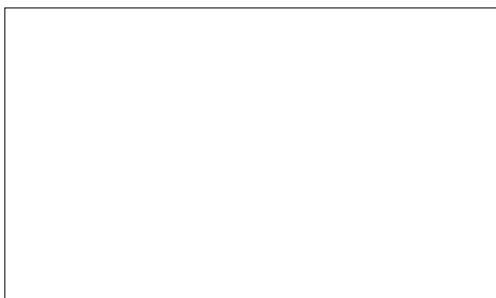

The purpose of the project is to construct a high-pressure gas pipeline at the section from Tworóg to K dierzyn-Ko le, 43,4 km long, with a diameter of 1000 mm and a pressure of 8,4 MPa.

Location of the project

The gas pipeline will be located in:

- the Łódzkie Voivodeship, in the municipalities of Tworóg, Wielowieś, Toszek, Rudziniec,
- the Opolskie Voivodeship, in the municipality of K dierzyn-Ko le.

The gas pipeline will mostly run along the existing high-pressure gas pipeline.

Stage of the investment

The stage of developing project documentation has been completed.

GAZ-SYSTEM has begun the construction of the Tworóg - K dzierzyn-Ko le gas pipeline.

The contractor of construction works is IDS-BUD S.A.

The investor's supervision over the construction of the gas pipeline is SGS Polska Sp. z o.o.

The contractor of design documentation and author's supervision over the construction of the Tworóg - K dzierzyn-Ko le gas pipeline is a consortium of companies composed of: MGGP S.A. and INIKO Sp. z o.o.

Construction of the gas pipeline is planned to be completed in 2020.

Legal basis

The project is performed based on the provisions of the Act of 24 April 2009 on investment projects related to the liquefied natural gas re-gasification terminal in winouj cie (consolidated wording: Journal of Laws of 2017, item 2302, as amended). The gas pipeline has been included in the catalogue of projects accompanying the terminal-related projects, pursuant to the Act of 30 May 2014 amending the Act on investment projects related to the liquefied natural gas re-gasification terminal in winouj cie, and amending the Act on real estate management (Journal of Laws of 2014, item 906).

Benefits resulting from the project

The effect of the investment will be increasing the safety and reliability of natural gas transmission to the region and on the national scale increasing the transmission capacity and the degree of diversification of natural gas sources. It will also constitute a crucial component of the [North-South Gas Corridor](#).

The property tax paid each year by GAZ-SYSTEM, equaling 2% of the value of the transmission infrastructure located within the territory of a given municipality, will be considerable benefit for the local communities in question. The taxes will benefit the local budgets on a regular basis, and can be earmarked to address the needs of local communities.

European Union subsidies

The construction of the gas pipeline is co-funded by the European Union under the 2014-2020 Infrastructure and Operational Programme Infrastructure and Environment of the European Regional Development Fund.

Project of Common Interest

In October 2013, the European Commission granted the status of the Project of Common Interest to the project. More information about the meaning of PCI status for the development of the gas transmission infrastructure is presented [here](#) and in the [brochure](#) on PCI projects.

GAZ-SYSTEM S.A. implements the investment Tworóg - K dzierzyn Ko le, respecting the rights of all interested stakeholders. Please, submit your notes, comments and questions concerning the Tworóg - K dzierzyn-Ko le project, which is the Project of Common Interest, via this [form](#).

Environmental decision

On 16 October 2015 the Regional Environmental Protection Director in Katowice issued the environmental conditions decision for the undertaking consisting in the construction of a high-pressure gas pipeline, DN 1000, MOP 8,4 MPa, on the lines Zdzieszowice – K dzierzyn and Tworóg - K dzierzyn, constituting an element of Tworóg – K dzierzyn – Zdzieszowice - Wrocław gas pipeline, along with infrastructure required to operate the pipeline, on the territories of 1skie, Opolskie and Dolno 1skie voivodeships (decision reference number WOO .4231.2.2015.JW.13).

Location decision

The 1skie voivodeship Governor issued the decisions on determining the location of the "Tworóg - K dzierzyn-Ko le" pipeline in the 1skie voivodeship:

- Decision No. 1/2016 of April 18, 2016 on determining the location of the investment, including the area of the Tworóg node,
- Decision No. 2/2016 of 7 June 2016 on determining the location of the investment, including the area of the Tarnowskie Góry district,
- Decision No. 3/2016 of 17 June 2016 on determining the location of the investment covering the area of the Gliwice district.

On 14 April 2016, the Opolskie voivodeship Governor issued the decision on determining the location of the "Tworóg - K dzierzyn-Ko le" pipeline in the Opolskie voivodeship.

Building permits

• The Opolskie voivodeship

On 16 May 2017 the Opolskie voivodeship Governor issued the decision No. 33 / D / 2017 on the construction permit for the investment named: "Construction of the DN1000 MOP gas pipeline 8,4 MPa Tworóg - K dzierzyn" within the construction of the Tworóg - K dzierzyn - Zdzieszowice - Wrocław gas pipeline with the necessary infrastructure for its service, in the 1skie, Opolskie and Dolno 1skie voivodeships in the scope of the section designed in the Opolskie voivodeship, K dzierzyn-Ko le commune.

• The 1skie voivodeship

On 14 June 2017 the 1skie voivodeship Governor issued the decision No. 51/17 on the construction permit for the investment named: "Construction of the DN1000 MOP gas pipeline 8,4 MPa Tworóg - K dzierzyn" within the construction of the Tworóg - K dzierzyn - Zdzieszowice - Wrocław gas pipeline with the necessary infrastructure for its service, in the 1skie, Opolskie and Dolno 1skie voivodeships.
