

# The Brussels Office

The Brussels Office of Gas Transmission Operator GAZ-SYSTEM S.A. provides effective representation of the Company in the EU forum. It is also responsible for day-to-day monitoring of gas-related events and legislative processes in the European Union that have an impact on the energy sector in Poland.

The GAZ-SYSTEM's Brussels Office was established in May 2008. It enables to follow closely all activities related to energy markets of the European Commission, the European Parliament and other institutions, and presents proactively Company's point of view. Moreover, the Brussels Office facilitates the exchange of experience and best practices with industry representatives from other EU member states during meetings and conferences held in Brussels.

Brussels Office is also involved in monitoring and analysis of EU instruments that can be used to support the further development of the transmission system in Poland.
