

List of Shippers offering the fall-back supply

According to the provisions of Transmission Network Code (TNC) Gas Transmission Operator GAZ-SYSTEM S.A. shall keep a list of Shippers (ZUP) offering the fall-back supply to Final Customers connected to the transmission system.

Each Shipper (ZUP) holding a valid licence for trading in gaseous fuels who would like to be placed on the list of Shippers (ZUP) offering the fall-back supply is obliged to conclude an Annex to his transmission contract with a detailed terms and conditions for entering and deleting from the list (as an Appendix to the transmission contract). In the next step, Shipper may submit an application for entry in the list in accordance with the form available on the TSO's website. Each application is analysed by TSO in view of terms and conditions included in the Annex.

A form of the Annex with the Appendix to the transmission contract as well as an application are available in a [Download section](#).

Pursuant to the TNC the Shipper shall be entered on the list as acting as a supplier of last resort within the meaning of the Energy Law.
