New draft TNC submitted to the Energy Regulatory Office

In accordance with the provisions of the Energy Law Act, the Gas Transmission Operator GAZ-SYSTEM S.A. has prepared the draft updated Transmission Network Code (TNC).

Having received comments and remarks from system users as well as their thorough analysis and after arrangements being made with the Energy Regulatory Office, the Gas Transmission Operator GAZ-SYSTEM S.A. passed on the draft TNC on 25 June 2012 to the President of the Energy Regulatory Office for approval.

The Gas Transmission Operator GAZ-SYSTEM S.A. is grateful to all the participants of the consultation for their input in preparing the Code. We will be providing on-going information about the further stages of work on the TNC.

Information about the results of the consultation on the draft TNC can be found on the GAZ-SYSTEM S.A. [website in the TNC tab](#).
